

Please amend the Application as follows.

**IN THE CLAIMS:**

Please cancel Claim 6 without prejudice.

Please replace Claims 1, 5, 9, 17, 18-21 and 29 with the following.

B<sup>1</sup> SUB  
C<sup>2</sup>

1. (Twice Amended, Clean) Thermoplastic polymer mixtures comprising:  
at least one polycarbonate; and  
at least one mould release agent with at least one polyol component;  
wherein at least one polyol component (I) of said mould release agent consists of a parent substance with 4 or more carbon atoms, 3 or more hydroxyl groups, more than one hydroxyl group esterified with aliphatic carboxylic acids, and one or more free hydroxyl groups, the number of esterified groups and free hydroxyl groups of said polyol component (I) being the same.

SUB  
B<sup>2</sup> D<sup>1</sup>

5. (Twice Amended, Clean) The thermoplastic polymer mixtures of Claim 1 wherein in polyol component (I), a carbon atom with a hydrogen substituent is not located immediately adjacent to a carbon atom with a hydroxyl group.

B<sup>3</sup>

9. (Twice Amended, Clean) The thermoplastic polymer mixtures of Claim 1 further comprising at least one additive selected from the group consisting of stabilisers, flame retardants, antistatic agents, fillers, foaming agents and colorants.

17. (Once Amended, Clean) The thermoplastic mixtures of Claim 3 wherein the aliphatic carboxylic acids are selected from the group consisting of C<sub>5</sub>-C<sub>25</sub> fatty acids and mixtures thereof.

B<sup>4</sup>

18. (Once Amended, Clean) The thermoplastic mixtures of Claim 3 wherein the aliphatic carboxylic acids are selected from the group consisting of C<sub>8</sub>-C<sub>24</sub> fatty acids and mixtures thereof.

19. (Once Amended, Clean) The thermoplastic mixtures of Claim 3 wherein the aliphatic carboxylic acids are selected from the group consisting of C<sub>12</sub>-C<sub>22</sub> fatty acids and mixtures thereof.

Sub  
D1  
B4

20. (Once Amended, Clean) The thermoplastic mixtures of Claim 3 wherein the aliphatic carboxylic acids are selected from the group consisting of C<sub>16</sub>-C<sub>20</sub> fatty acids and mixtures thereof.

21. (Once Amended, Clean) The thermoplastic mixtures of Claim 3 wherein the aliphatic carboxylic acids are selected from the group consisting of C<sub>16</sub>-C<sub>18</sub> fatty acids and mixtures thereof.

B5

29. (Once Amended, Clean) The moulded articles of Claim 12 wherein said moulded articles are selected from the group consisting of compact discs and DVDs.
